A scatter plot on a white background with a black border. There are 15 teal circular data points clustered in the center. A single blue 'x' marker is located slightly above and to the right of the center of the teal cluster. The axes are represented by black lines with tick marks but no numerical labels.

A scatter plot showing a 2D dataset. The x-axis ranges from -20 to 20 with major ticks every 5 units. The y-axis ranges from -20 to 20 with major ticks every 5 units. The data points are clustered in the center, around (-2, -2). The points are colored in a gradient: dark purple for the leftmost points, transitioning through blue, green, and yellow to the rightmost points. A blue 'x' marker is located at approximately (-2, 2).
